Commissioner for Patents  
Washington, D.C. 20231

Sir:

We discovered a word processing error in the serial number for several transmittal documents mailed yesterday, November 25, 2002. The serial number for an earlier related case, No. 10/049,992 was listed as the serial number, instead of Serial No. 10/145,678. All of the enclosed substantive documents, such as the signed Declaration, the Sequence Listing, the diskette with the sequence listing, the Statement to Support Filing and Submission in Accordance with 37 C.F.R. §§ 1.821-1.825, the Amendment in Response to Notice under 37 C.F.R. §§ 1.821-1.825, and the corrected filing receipt all bear the correct Serial Number for this case. The correct title of the application is on all of the transmittal letters and this title differs from the title of

related case, No. 10/049,992. Copies of the documents mailed yesterday are enclosed with this facsimile.

We have alerted the Office of Initial Patent Examination and they will probably correctly match the papers with the Serial No. 10/145,678. According to OIPE, Serial No. 10/049,992 is currently located in PCT 5620. If your department accidentally receives these papers, please call the undersigned so we may arrange to have these papers associated with the correct file.

Please contact the undersigned with any requests or questions.

The Commissioner is hereby authorized to charge any fees, which may be required, or credit any overpayment to Deposit Account No. 15-0699. A duplicate copy of this sheet is enclosed.

Respectfully submitted,
